

TEAK BRITE / TEAK BRITE PLUS

1. DESCRIPTION

TEAK BRITE is a granular blend of acid cleaner, buffers and oxidizing agents.

TEAK BRITE PLUS is a granular blend of acid cleaner, buffers, oxidizing agents and soap powder.

2. APPLICATIONS

For the removal of rust stains on paint, wood and fabrics. For bleaching wood and fabrics. Also used for leather processing.

3. DIRECTIONS FOR USE

Normal usage for neutralizing teak strip. Saturate those areas treated with teak strip for removal of lacquers, varnishes, old paint or hardened oil and which have been scraped or brushed clean to the bare surface. Apply a 5% solution of **TEAK BRITE & TEAK BRITE PLUS** to the area to be bleached. Allow standing for 10-15 minutes. For further bleaching, repeat application. Repeated application can produce irritating fumes. The solution will cause redness and irritation to exposed skin.

4. OTHER INFORMATION

CAUTION

TEAK BRITE & TEAK BRITE PLUS contains oxalic acid, which is classified as a poisonous substance. Avoid dusts when handling. Wear splash-proof goggles for eye protection and plastic gloves when handling this product. Avoid inhalation of dusts with suitable dust masks. In case of ingestion, induce vomiting and drink abundant water. Get medical assistance.
